- **Stunning Display Technology**

Everything else seems inferior when compared to the (diagonal) widescreen touch display of the TA Series touch tv&pc all in one. The integrated 1080p high-definition display delivers eye-popping HD images with deep blacks, bright whites, crystal-clear colors and razor-sharp detail.

- **Feel The Power**

With Intel Pentium TM Core processor technology, 2GB of RAM, up to a 160GB hard drive, the TA Series touch tv&pc all in one is ideal for powering through today's graphics-intensive movies, games, and applications.

- **Adjust Your Viewing Angle**

When not mounted to the wall, the TA Series Touch TV and HDTV feature an adjustable stand to help you get that "just right" viewing angle. With a simple push of your finger, you can adjust the stand to meet your desired viewing or touch angle or decrease the slant for space-saving, straight-on viewing and touch.

- **Wireless Freedom**

Ditch the networking cables. Position the TA Series anywhere in your house and stay connected to the internet. With built-in wirelesscard you can accessthe

web, email.
